

Assurance with Insurance

The value of BarrierTEK® products is your peace-of-mind that your team and your financial investment are secure in case of fire.

Volatility in project pricing, labour resources, schedules and so much more are always top-of-mind for wood-frame multi-family contractors.

BarrierTEK® products provide an opportunity to reduce your Course of Construction (CoC) insurance premiums by up to **40%**, while giving you peace-of-mind that your team's safety and your financial investment are secure in case of fire on your site.

Conventional vs BarrierTEK CoC Program Risk

Our entire BarrierTEK team works with you to calculate the total cost, and total savings based on the specifics of your project. Get your no-obligation BarrierTEK project estimate and insurance savings assessment today.

Visit barriertek.com/resources to submit our CoC Insurance application form.

Realize Course of Construction (CoC) Insurance Savings For Your Bottom Line:

$$\begin{aligned} & (\text{Project Value} \div \$100) \\ & \quad \times \\ & \text{CoC Insurance Rate} \times \text{Project Duration} \\ & = \\ & \text{CoC Premium} \end{aligned}$$

Conventional CoC Insurance Calculation:

$$\begin{aligned} & (\$30,000,000 \div \$100) \\ & \quad \times \\ & (\$0.05 \times 18 \text{ months}) \\ & = \\ & \$270,000 \end{aligned}$$

BarrierTEK CoC Insurance Calculation:

$$\begin{aligned} & (\$30,000,000 \div \$100) \\ & \quad \times \\ & (\$0.03 \times 18 \text{ months}) \\ & = \\ & \$162,000 \end{aligned}$$

CoC Insurance Savings:

\$108,000 over 18 months
+ Project Team and Financial Security =

BarrierTEK, AtTEK and ProTEKtor on your next building project.
